#### ***OFFICIALS CLINICS***

...Road races and cross country races present their own unique challenges.  
Hence a need for a class which emphasizes the officiating requirements at events  
where the gun goes off and athletes do NOT simply run around a track.

**This clinic is the one to take to be certified as an LDR official.**

(If you only want to be certified as an LDR Official, you do not need to take  
"Introduction To Track and Field Officiating")
