Club / Unattached Athlete Packet Pick-Up

- Only a club coach or parent of an unattached athlete can pick up competition bib numbers and related materials at Rocklin High school. Pick-up table will be open at 7:00 a.m. Arrive early enough to get this process out of the way before the meet begins
 - Club coaches must be 2008 USATF coaches on record w/approved background checks or the team packet will not be released
 - If late registration occurred, payment in full must be received before competition bib numbers will be released
 - Whomever picks up the packet must sign for packet
 - **NOTE**: Club coaches – when you come – bring your team binder with your youth athletes sorted in alphabetical order. Be prepared to show athlete's birth certificate

Athlete Check-In

- **Check-in** – Athletes must check in between the first and final call for each event. Coaches must have their athletes checked into the designated areas no later than FINAL CALL for each event. Athletes should then remain in the clerking area. After the event is closed no changes will be made for any running events. PERIOD! Field event athletes must check in at their particular field event
 - All four members of the relay team must check in together at the Clerk of the Course

- If an athlete is competing in a field event and their running event is called the athlete must check out of the field event with the head field event official and then check in at the running event. As soon as they complete the running event they need to check back into the field event. In such cases as high jump or pole vault the bar will continue to go up and the athlete must re-enter the event at whatever height the bar is set
- Athletes are not allowed to use cell phones, head sets or any other type of electronic devices while in the Clerking area, field of competition or on the infield
- **Implements** – Field event implements except javelins and pole vault poles will be supplied by meet management. Personal implements must be passed by our Weights & Measures official. All implements must be checked between 7:30 - 11:00 am.
- **Spike Length** – Maximum 3/16" pyramid or needle spikes on all synthetic rubber surfaces. Athletes who do not have the proper spikes will be asked to obtain the correct spikes or they will not be allowed to compete (racing flats can always be substituted for racing spikes)
- **Bib Numbers & Hip Numbers** – Bib numbers will be distributed at packet pick-up. All athletes must have a bib number assigned to them in order to compete
 - Athletes MAY NOT compete wearing another athletes bib number. This is cheating and will result in the athlete's ejection from the meet
 - Bib numbers must be worn on the front of the jersey. An exception is made for high jumpers and pole vaulters who have the option to wear their bib number on their back if they prefer
 - Lost or forgotten bib numbers will result in a \$5.00 replacement fee (each time it is replaced)
 - For all running and race walking events, athletes will be assigned a hip number when they check in with the Clerk of the Course for final seeding
 - Hip numbers must be worn on the left hip (hip facing infield while competing – not the butt or the front of the shorts). Shirts must be tucked in so hip numbers are visible by camera at finish line
 - In some of the longer distance races hip numbers may also be placed on the front of the shirt to assist with lap counting
- **Starting Heights** - The starting height for the high jump and the pole vault will be per USATF rule 242.5(k). Incremental increases will be 2" in the high jump and 6" in the pole vault until there is a winner. The winner may then determine the next height

Protest Table

All protests must be submitted in writing within thirty (30) minutes after the results of an event are posted per rule 73. This time period will be strictly enforced.
