

Pacific Association of USA Track & Field Coaches Committee

Your Pacific Association of USATF orchestrates coaching education schools and clinics throughout the season, and serves as a resource to Northern California and Nevada coaches.

For further information refer to the association website: www.pasuatf.org and click on coaches

The focus of this quick meeting is to cover important points for the upcoming season along with getting feedback from you moving forward...thanks for attending!

1. **Important Rule changes** –PV collar being initiated for 2015
2. **Repetitive background checks**
3. **Move to designate off campus coaches as ‘independent contractors’**
Initial determination from Insurance Broker Irene Herman: If of are cleared and approved as coaches either paid or unpaid, the school has a vicarious liability to extend the insurance unless the coach has signed a contract that requires them to provide personal liability insurance. After all, you are coaching the team that is representing the school.

4. **Educational Opportunities:**
