Please note that conference call ability/quality depends on the host site internet access. We will do our best to make this an option for our members at future meetings, but we are only as good as our wifi connection! Please text me (209-482-1646) if you cannot resolve your connection problem using the freeconferencecall.com customer service line and I will do my best to assist. I will be recording minutes for the meeting so will need to devote my efforts to that first. Good luck!

Sincerely,

Stephanie Trafton
