Agenda

- Minutes From Last Meeting - Coaches meeting Oct 11, 2008
- USATF Annual Convention in Reno

1. Review Youth Operating Procedures (YOP) The Procedures were emailed to you so you can view them before the meeting. The items highlighted in RED will be items to be voted on at the meeting.
2. Membership Chair Update Tony Williams
 - Beginning in 2009 USATF is no longer allowing copies of proof of birth date documentation to be used to validate a youth athlete's birth date. Consequently each club will need to collect valid proof of birth documents and present them to Tony. These documents will be returned. This is a one time exercise per athlete.
 - PA Youth Membership Chair will be available for Youth club coaches and parents of unattached athletes through the meeting to check off all of your documents that meet the minimum requirements above so he can return the documents to you at the end of the meeting. Bring your athlete documents sorted in alphabetical order by last name and in one folder per club or unattached family. This will help ensure they will stay separated from everyone else's proof of birth documents. If you cannot collect all of your proof of birth date documents by this meeting alternative check points will also be arranged for future dates. These details will be shared by Tony in the meeting
3. Communication's Chair Update Maura Kent
 - USATF Drug Testing Enforcement
 - Beginning in 2009 USADA, will be conducting random drug testing for Intermediate and Young age groups at the three major championship meets
