Correction / notes:

The lap counter missed one of Doris's laps, and also erroneously recorded a lap at 19:55 that clearly isn't physically possible. Doris stopped for a few seconds at the start of her bell lap because of a lap counting error, when they rang the bell when she had two to go, but she got back on the track and finished, hence her slow last lap.

Correction/notes:
Missed C/Logo.
Rest are correct,
shifted up.

Correction/notes:
She crossed the line
with Doris at 37:53,
then stopped for about
15 seconds while we
sorted out the lap counting
error, before completing
her last lap, slowly after
the by spirit but legally.
