2016 TRAINING CLINICS & WORKSHOPS FOR PACIFIC ASSOCIATION USATF OFFICIALS

The numbers (1, 2, etc.) on the chart refer to the expanded notes below.

12 MENTORING TRACK AND/OR FIELD REFEREES (1:45 - 4:30) [2:45]

Class will be a group discussion of case studies and you **MUST** sign up in advance. You will receive a series of case studies in advance of the class. Your completed solution to these case studies is your ticket of admission. While this workshop is long on Track & Field case studies, some LDR will be included...and the approach of a referee is the same in both cases.

To add certification as a referee, you must successfully complete a take home exam.

➔ **URL to register for Mentoring Referees is** <http://goo.gl/forms/adycx6wc5o>

Sat, Jan 16th - Carson City, Carson City, Carson High School, 1111 N Saliman Road, Carson City, NV 8970

➔ **URL to register for the workshops in Carson City is** <http://goo.gl/forms/9JSRm5smV4>

Each of the following WORKSHOPS costs \$10.00.

A **TRAINING WORKSHOP** does not certify you as an official, but does introduce you to the skill needed to run an event. Unlike a **CERTIFICATION WORKSHOP**, the costs are less and the time commitment is shorter.

STARTING - meets on the track. Bring your own equipment..... (7:30 →)

Umpiring Meets on the track..... (TBA)

Let us explain what the classes are all about

SafeSport Certification...USOC/USATF mandated certification for all officials

No charge for this clinic (\$0.00)

1 - INTRODUCTION TO TRACK AND FIELD OFFICIATING - for individuals wishing to be Track & Field Officials. Bring your own lunch as there will not be time for you to leave campus and search for food.

2 - FUNDAMENTALS OF FIELD EVENT OFFICIATING - for APPRENTICE and ASSOCIATION LEVEL officials who want to learn more about officiating the field events: Throws, Horizontal Jumps and Pole Vault and High Jump. **The Fundamental clinics are a prerequisite for advancement to**

2016 TRAINING CLINICS & WORKSHOPS FOR PACIFIC ASSOCIATION USATF OFFICIALS

The numbers (1, 2, etc.) on the chart refer to the expanded notes below.

ASSOCIATION LEVEL. The emphasis in these classes will be on how to run the event and complete the paperwork.

- 3 - FUNDAMENTALS OF TRACK EVENT OFFICIATING** – for APPRENTICE and ASSOCIATION LEVEL officials who want to learn more about track officiating – clerking, umpiring, lap scoring. **The Fundamental clinics are a prerequisite for advancement to ASSOCIATION LEVEL.**
- 6 - INTRODUCTION TO RACE WALK OFFICIATING**...for individuals who would like to officiate race walks but not necessarily as judges. Individuals taking the Introduction to Race Walk Judging clinic are also encouraged to take this clinic on Race Walk Officiating, where you will learn more about recording, lap scoring and other duties of officials during race walks; current Track & Field officials are encouraged to attend.
- 7 - INTRODUCTION TO RACE WALK JUDGING**...for individuals who would like to become race walk judges.
- 8 - INTRODUCTION TO LONG DISTANCE RUNNING AND CROSS COUNTRY OFFICIATING**...for individuals who are interested in officiating at road races and cross country meets.
- 9 - CERTIFYING AND CASE STUDY DISCUSSION FOR LDR/CROSS COUNTRY REFEREES** – Certifying, discussion and case study of challenges of working LDR events: road runs and cross country meets. Once an experienced LDR officials reach NATIONAL LEVEL, they are eligible to train to become LDR referees.
- 10 - IMPLEMENT INSPECTION**...for individuals who are already certified in Implement Inspection, for individuals who would like to become certified in Implement Inspection, AND for all National and Master Level THROWS officials who have not yet taken the clinic. The goal for the throws officials is to make them aware of what goes on during implement inspection. You may substitute this clinic with a “hands on” experience at a regularly scheduled meet while working under the mentorship of an already certified inspector.
- 12 - MENTORING TRACK AND/OR FIELD REFEREES** - Group discussion of case studies designed for officials who are already certified referees. Only those who sign up in advance will be accepted and those who sign up in advance will be given a set of case studies in advance. *Your homework, write down your decisions, rules used and justification for your decision. The completed assignment is your ticket to the clinic.* In order to become certified as a referee, you need: (1) this class, (2) successfully complete a written exam and to (3) have a resume which shows both a depth of experience and a breadth of experience.
- 15 - STARTING** – While you may attend a starting workshop before you have been a certified official for a year, a prerequisite for becoming “certified” is one year of experience as an official. Classroom work followed by a hands-on experience.
- 17 - INTRODUCTION TO FIELDLYNX OPERATION** – FieldLynx is a computer program run on a notebook computer. FieldLynx allows for the recording of field event performances on the computer and for these performances to be downloaded into the meet management computer...thus eliminating the need to type in all of the field event results. What with the 2016 USATF Junior Olympic meet in Sacramento and field sizes that could reach 50-80, FieldLynx operators may be invaluable. This class MUST be combined with track meet experience. The Stanford T&F Invitational on April 1st and 2nd for sure and ???

2016 TRAINING CLINICS & WORKSHOPS FOR PACIFIC ASSOCIATION USATF OFFICIALS

The numbers (1, 2, etc.) on the chart refer to the expanded notes below.

- 18 - **Introduction to Electronic Measurement of Field Events** - Including Leica's Disto Laser and the Total Station. In addition to the class, practical meet experience will be required. You do NOT need to purchase the equipment in order to participate.
