

Hello Joaquin Miller Hill Run Participants:

Thank you for your participation in the 2016 Joaquin Miller Hill Run. Your determination to compete despite the challenging weather is a tribute to your character. Thank you for your continued support of youth cross country.

The second race of the day, the combined group-2 boys and girls race, has been invalidated. Based on the observations of race officials and course monitors, multiple athletes in the race finished without completing the entire 3K course and the fastest runners, over the first nine-tenths of the course, covered additional ground before completing.

This situation was caused by presumably well intentioned, but misguided parent(s) interference with the operation of one of the meet course monitors at a crucial point in the course. There were other parents/coaches, who knew the course and attempted to intervene and correct the situation. In the confusion, multiple athletes who had not completed the course crossed the finish line. Other athletes (including the presumable top-place finishers) were directed to complete additional ground. There were multiple confirmed reports of athletes being directed toward the finish line prematurely by adults not affiliated with the race.

The finishing times for the athletes competing in the group-2 race have been published below for reference purposes only as **UNOFFICIAL** times.

Thank you for your understanding. Please direct any comments or concerns to [cheetahs@rocketmail.com](mailto:cheetahs@rocketmail.com).
