Athletes must compete in their own respective age group. These age groups are based on the age the athlete will turn in the year 2018. Please see the chart.

Packet pick-up

Qualifying Rules

With approval of the Association, athletes who miss their Association Championships because of extraordinary circumstances may be advanced to the Regional meet so long as such advancement does not displace an athlete who competed in the Association meet and does not exceed the Association's allocation to the Regional meet. This may be approved by the meet directors.

An athlete can miss the Association Championship, but not the Regional Championship, if the absence is the result of participation in a USATF cultural exchange trip. These exceptions must be worked out with the regional coordinator **before** the meet takes place. These clearances should be made by contacting regional coordinator David Lawrence at dlaw222@aol.com

Athletes who compete in the Junior National Championships or World Youth Championships may be entered in the National Junior Olympic meet without having to compete in the Association or Regional meet provided that they meet the youth athletics age limits. Acquisition of the waiver and completion of the entry to the National meet must be made **before** the regional meet by contacting regional coordinator David Lawrence at dlaw222@aol.com

Competition Rules

No electronic devices

Athletes are not allowed to use cell phones, headsets or any other type of electronic devices while in the Clerking area, field of competition or on the infield.

Athlete check-in

Athletes can be checked in all day.

Track event athletes can check into their events with the Clerk of the Course first thing in the morning for all of their events. We will still do a first and final call. Athletes should then report to the clerking area and remain there. After the event is closed, no changes will be made for any running events.

All four members of a relay team must check in together at the Clerk of the Course and all four members' tops must match.

Field event athletes must check in at their particular field event.

If your name does not appear on the check in sheet, athlete must take bib number to the finish line to have the event signed off.

If an athlete is competing in a field event and their running event is coming up, the athlete must check out of the field event with the head field event official and then check in at the running event. As soon as they complete the running event, they need to check back into the field event. In such cases as high jump or pole vault, the bar will continue to go up, and the athlete must re-enter the event at whatever height the bar is set.

Bib numbers and hip numbers

All athletes will have a bib number assigned to them in order to compete. Bib numbers will be distributed at packet pickup. Athletes must only wear their own number. Bib numbers must be worn on the front of the jersey. An exception is made for high jumpers and pole vaulters who have the option to wear their bib number on their back, if they would prefer.

For all running and race walking events, athletes will be assigned a hip number when they check in with the Clerk of the Course for final seeding. Hip numbers must be worn on the correct hip (hip facing infield while competing – not on the buttocks or on the front of the shorts). Shirts must be tucked in so hip numbers are visible by camera at finish line. In some of the longer distance races, hip numbers may also be placed on the front of the shirt to assist with lap counting.

Implements

Field event implements (except javelins and pole vault poles) may be supplied by meet management. Personal implements must be passed by our Weights & Measures official.

Spike length

Maximum 3/16" pyramid or compression on all synthetic rubber surfaces. Athletes who do not have the proper spikes will be asked to obtain the correct spikes or they will not be allowed to compete. Racing flats can always be substituted for racing spikes.

Starting heights

The starting height for the high jump and the pole vault will be per USATF rule 242.5(k). Incremental increases will be 2" in the high jump and 6" in the pole vault until there is a winner. The winner may then determine the next height.

USATF false start rules

The 15-16 and 17-18 age groups are no longer allowed any false starts, similar to their high school rule.

The 7-8, 9-10, 11-12, 13-14 age groups are allowed one false start.

Protest procedures

All protests must be submitted in writing within thirty (30) minutes after the results of an event are posted per Rule 73. This time period will be strictly enforced. There will be a \$50.00 cash submission fee required to file a protest. This fee will be refunded only if the protest is upheld. Only violations of the USATF 2018 Rules of Competition may be protested. Judgment calls made by meet officials cannot be protested. Protests that do not meet the above criteria will not be accepted. The location of the protest table will be announced.

Results posting

Results will be posted at a designated location during the meet as soon after the competition as possible. Posted results are for the benefit of everyone, so please do not remove them. The results will only be posted once. If they are removed, they will not be posted again. You may check www.athletic.net for final results within 3 days after the competition ends.

Awards

Medals are awarded to the overall top three places in each event.

Awards will be available for the designated club coach or parent of an unattached athlete at the awards table 30 minutes after results are posted. Athletes can pick up their own awards. NOTE: The 30 minute waiting period is required to allow processing time in the event a protest is filed regarding an event result.

Advancement

The Top 5 athletes in each event shall advance to the 2018 National Junior Olympic Track & Field Championships at North Carolina A&T University in Greensboro, NC.

Medical services and security

Qualified personnel will be available at all sessions of the championships. Additional medical facilities are in close proximity to the stadium. A fire department and rescue unit are located within minutes of the stadium.

Youth Sports Code of Conduct

We, the Central California Association of USA Track & Field, believe that the sports of Cross Country, Track & Field, and Race Walking should be fun as well as an integral part of a sound educational program. We believe those who coach and work with youth are, first and foremost, teachers who have a duty to promote life skills and develop good character. All head coaches will be responsible for the actions of athlete, coaches, and parents who are involved with their club.

Spectators will be given one warning of inappropriate conduct. If it continues, they will have to leave the stadium.
