

Northern California/Northern Nevada Association of USA Track & Field

Chair's Notes

Merry Christmas, Happy Holidays and Happy New Year! As we bring 2021 to a close, I find we have over 200 officials. This makes the Pacific Association Corps of Officials the largest in all of USATF. Even more interesting, we have over 100 new officials. Thanks to the diligent efforts of our Certification and Training Committees, headed by Ajay Padgaonkar and Bill Bartel respectively, we are constantly working on innovative approaches to the age-old problem of attracting and retaining officials. As you read this, Our Officials Calendar is being modernized and added to. Thanks go to the ad hoc committee headed by Charles Murphy for leading this much need effort.

3-way compliance- REMEMBER TO RENEW YOUR USATF MEMBERSHIP AND UPDATE YOUR NCSISAFE BACKGROUND CHECK AND SAFESPORT TRAINING REQUIREMENTS. Membership expires on 12/31/21. If, you have gone onto your USATFConnect account and designated Auto-renewal, your membership will renew on 12/31/21. IF YOU DID NOT DESIGNATE AUTO-RENEWAL. PLEASE LOG INTO YOUR USATFCONNECT ACCOUNT AND RENEW AS SOON AS POSSIBLE.

OF NOTE: Training in Electronic Data Recording (EDR), Electronic Data Measurement (EDM) and Paralympic Training is becoming increasingly important as we approach the 2028 Olympic and Paralympic games in Los Angeles. Since these to Games are in our own back yard, The need for officials certified in these areas will be increasingly important. Currently, there are few officials certified in these areas. As an official, with the goal of gaining selection for national and international meets, it behooves you to gain expertise in these areas and participate in meets in which you will be evaluated. This will help in your application for selection. Please try to include and participate in the upcoming training sessions on these important areas.

Officials Calendar

In November, I appointed a committee headed by Charles Murphy to modernize our Officials Calendar. Formerly, meet information would be gathered and published on a basic Excel spreadsheet. This format was limited in that it included NCAA, Open, some HS and some youth meets. Once it was published, it was difficult to corrected any discrepancies or omissions that may have occurred. In addition, other meet calendars such as racewalk, LDR or Masters meets that were not included. This group was tasked with developing a continuous monthly calendar that would include ALL meets, races and events. With the help of Jim Manha, Cynici Calvin, John Lilygren and Bill Hawkes, this group has transitioned to Google Calendar with all meets with color coding denoting the type and level of the meet. All the official needs to do is to click his cursor on the meet and all meet information is listed for the official to discern. In addition, I've asked Jim Manha to help obtain and coordinate information from meet directors of their needs and to help disseminate their needs to the officiate for the 2022 T+F Season. You will be

receiving regular further information from Jim and me on this. Ultimately, this process will help meet officials cover their needs as well as to help provide officiating opportunities and possibly mentoring opportunities to those needing further training.

HS Calendar: While the Officials Calendar lists the major HS invitationals and Championships, it is highly advised that interested officials consult www.Athletic.net for an up-to-date calendar of all HS meets near you. I highly encourage you to volunteer your assistance at your local high school. This only helps further promote the sport we all love.

MENTORING

Your Mentoring Chair, Dennis Boyle, has convened or attended several Zoom meetings with members of the Pacific Association Officials Committee and with Mike Trego, USATF Junior Officials Program Chair, to help develop a workable system for mentoring and to be working together with our Training and Certification programs. Although this committee has made some progress, further discussions and planning are needed. Since our Association is so large (and is getting larger) in terms of square miles served and the sheer number of officials needing mentoring (we have over 100 new officials and have a lot of experienced officials needing to learn and impart their knowledge of the sport), this committee is needing to work through what is actually do-able and what is not. If you are willing to help plan the program, participate as a mentor or need some on-the-field training, please send your support, comments, etc. to Dennis at dkboyle@frontiernet.net

Selection to National Meets

At this time, only selections to the 2022 USATF National Indoor meet have been made. Selections to the 2022 USATF Outdoor/U20 and the WA World Championships will be published shortly. Please refer to the NOC Dashboard www.noc.mach2k.net for updates, resources, etc.

2021 USATF Annual Meeting Recap

The PA Officials Committee delegation consisting of Phil Leake, John Lilygren and Ajay Padgaonkar attended.

The 2021 Annual Meeting was held the week after Thanksgiving in Orlando FLA. It was a hybrid meeting with only those USATF National Committee Heads, USATF and Association Presidents and USATF Executives and support personnel attending in-person. There were 4 Officials Training seminars covering topics such as Electronic Data Recording (EDR), the Junior Officials Training Program and 2 Referee Scenario sessions (very similar to our Officials Annual meeting referee scenario Q+A with Jim Manha). Of these, I found that the EDR is the most

important for those interested in broadening their areas of expertise and hopefully be selected for national meets. There is a tremendous need for officials in this area. A full description and copy of these seminars are attached.

Other meetings attended included workshop on Diversity and Leadership development within USATF, Officials Executive Committee Meeting, Rules Committee, Law and Legislation Committee, State of the Association Address and townhalls with Max Siegel and Vin Lananna. A full recap of these meetings can be found on the USATF Annual Meeting website Document Library: https://mcusercontent.com/1a0346e06922886956c10c4e0/files/703aadba-5c52-73e2-9d13-a1c6b3af8c8f/Training_NOC_Dec21.pdf

The vote on the USATF Constitution and By-Law Changes was held later on Sunday, Dec 5th. This vote by the delegates, if accepted, would have allowed the USATF Executive Board alone to make decisions to be in compliance with USOPC (US Olympic and Paralympic Committee) mandates. As a National Governing Body, USATF has long relied on the electorate and delegates for the decision making. The proposals were voted down.

Annual Meeting Awards

Irene Herman received the Andy Bakjian Award for Outstanding Service. The award recognizes an official who has been dedicated to managing sports and officiating track and field throughout their career.

Dave Shrock, past PAUSATF President and USATF Associations Chair, received the Robert Geigengack Award. This award recognizes USATF members for service to the 58 USATF Member Associations.

CERTIFICATION

From Ajay Padgaonkar, Certification Chair

Fellow Pacific Association officials,

Please pay attention to the **action items highlighted in yellow.**

You were either recently certified as a new official or recertified through the arduous recertification process.

Congratulations on being a certified official in the 2021-2024 Olympiad.

You all should have your badges (in some cases corrected ones, even) by now. If not or if there is an issue with the badge, please let me know.

Until late 2024 and early 2025 when we go through the recertification process again, you only need to stay "3-way" compliant and keep officiating to keep your certification current

- No rules reviews unless you are upgrading or the credential change requires it. 3-way compliant means the following:

1. USATF membership has not expired (For about 110 of you the membership expires in 10 days, please renew now!)
2. Safesport training has not expired (This applies to 12 of you, please correct ASAP, for 10 more of you, the training expires in 10 more days, please take urgent action)
3. NCSI background check has not expired (For 2 of you the background check expires in the next 10 days, if you have not already done so, please take urgent action)

These are all done through your USATF connect sport80 portal now, so remember your login and update your password if needed. If you run into any issues with the login or membership renewal, send an email to Luke Fimrite (luke.fimrite@usatf.org) of the USATF national office. If you run into any issues with Safesport or NCSI background check, send an email to Lexie Ping (safesport@usatf.org) of the USATF national office. Copy me on such emails so that I can help, if needed.

The USATF national office sends reminders about a month before the expiry date. Please look for it and take immediate action.

Also, you may want to make a note for your own self of the expiration date so you don't let your credentials lapse.

I will send out emails to those who have lapsed one or more of those 3 requirements or are about to.

Keep your officiating record in the resume form on the pacific association website official's forms page: <https://www.pausatf.org/officials/formsinformation/>

It is the Excel spreadsheet under the link titled (attached for your convenience):

- **PAUSATF Officials' Meet Resume Form** (Excel sheet; downloadable; may fill in on a computer)

You will need this record for any upgrade applications, meets that require applications and in 3 years when we undergo the recertification.

Look for emails offering opportunities to get trained, meets at which to officiate, make your choices and act promptly.

Send me an email or call me at 408-890-1123 if you have any questions.

TRAINING

SAFESPORT

USATF in cooperation with the Center for Safesport Training will notify you of your pending Safesport training update. Typically, you will have this notice sent to you within 30 days of expiration. PLEASE RENEW AND UPDATE your training ASAP in order to for your Officials Certification to remain 3 ways compliant. An example of this notice is as follows:

You are receiving this notice because your Refresher 1 SafeSport training is due to expire. You are due to renew this training by completing the Refresher 2 course ("Preventing Misconduct"). Please follow the below instructions to complete this training:

1. Log on to USATF Connect (*please note: if you have more than one account associated with your name, choose your personal account*).
2. Click "View" on your profile card under "Members".
3. Access the Center for SafeSport Training tab from the menu to the left.
4. Click the blue "Add Center for SafeSport Training" button in the upper right-hand corner of the page.
5. Find the Refresher 2 course ("Preventing Misconduct") from the list of available trainings. Add it to your account by clicking the blue "Add" button next to this training.
6. A new window will appear. Click "Add" for this training one last time.
7. A final window will appear. Click "Start Training" in the middle of this window to begin your course.

This training should take you 20-30 minutes to complete. Once you complete the training, your USATF Connect account will be updated to reflect your new training date. Please note that if you do not complete the required SafeSport training on or before the expiration date, you will not be considered USATF 3-Step SafeSport Compliant and you will no longer be eligible to serve in a role that requires SafeSport training (coach, official, volunteer, among others).

Thank you for helping to make USATF a safe environment in which our athletes can train and compete. Please direct any questions to safesport@usاتف.org.

USA Track & Field is committed to creating a culture that clearly advocates, and provides for, a safe environment in which our athletes compete and train. We believe this is paramount to the success of all our programs. All athletes deserve to participate in sports that are free from bullying, hazing, sexual misconduct or any form of emotional or physical abuse.

If you have a concern regarding the health and safety of our athletes, please make a report. For concerns of child sexual abuse, sexual misconduct, non-consensual sexual conduct, sexual harassment, or intimate relationships involving an imbalance of power, all individuals should report concerns to the U.S. Center for SafeSport [online](#) or by phone at 720-531-0340. Please notify USATF that a report(s) was made. All reports of child abuse or sexual assault of a minor must also be reported to local authorities. Reports of abuse not involving a minor may also be reported to local authorities.

For concerns of physical or emotional misconduct, bullying, harassment, hazing, or any other violation of [USATF's SafeSport Handbook](#), all individuals should report concerns to USATF [online](#) or by phone at 317-713-4688. Please note, neither criminal nor civil statutes of limitations apply to reporting a SafeSport complaint.

From Bill Bartel. Training Chair

Officials,

Below you will see the descriptions of the 2022 Training Schedule and a list of the Clinics. Those highlighted in yellow are confirmed and those highlighted in blue need to have a few details ironed out, but I wanted to get this out to you for inclusion on your calendars. Please keep in mind that with the everchanging COVID climate, any in-person class may be canceled or changed to Zoom.

To sign up for a clinic please respond to this email or send me a separate email. Sign up for as many or as few as you like. You will see on January 16 that you can sign up for three separate opportunities, the Rules Update and two of three for Horizontals, Throws, and Verticals.

If you plan to Officiate or Mentor at one, or more, of the All-Comer meets please contact the coordinator for the appropriate meet.

Instructors are needed. Please contact me if you wish to instruct at one of the clinics or Throws competitions.

Introduction to Throws, Horizontals, and Verticals Clinics: Will cover the basics of the events such as rules, measurement techniques, position duties and how to perform those duties up to and including the position of Flight Coordinator.

Intermediate/Advanced Clinics: Designed for Crew Chiefs, these classes will cover items such as pre-meet preparations, pre-event preparations, event duties, and post-event duties.

Apprentice Starter: For those who are interested in being Starters or are inexperienced Starters who want a refresher on the basics of Starting

Championship Meets: Although this clinic is being presented by two Master Starters, it is open to all. This clinic will discuss career goals and how to accomplish them. If you are interested in getting to Championship meets, High School to the Pros, this is for you.

EDR: Will cover the process of recording throws or jumps into an electronic data system such as FieldLynx. **We need EDR folks.** This specialty could provide a fast track to Championship meets. There will be two (2) in-person clinics with a maximum number of 12 attendees per clinic. Laptop computers will be provided for this training.

Meet Bob Podkaminer: While open to all, this is primarily an opportunity for Apprentice and Association Officials who may not have had the opportunity to meet Mr. Podkaminer. "Pod" is a Pacific Association Official, and there is not enough space on this page to begin to tell you of his accomplishments. **DO NOT MISS THIS OPPORTUNITY.**

Meet Mike Armstrong: While open to all, this is an opportunity for new officials, or for those of you who may not know him, to get some words of encouragement from the Officials Chair of the National Officials Committee. Mike is from the Arkansas Association. **Another one not to miss.**

Cal Berkeley All-Comers: Cal will be hosting two All-Comer meets. See dates below. Jennifer Oliver will be coordinating officials for these events. sportyjoliver@gmail.com There will be opportunity for mentoring in almost every area of Track and Field including Race Walk and Referee.

Vacaville High School All-Comers: There will be one All-Comers meet at Vacaville High School on February 12, 2022. This will be an excellent opportunity to get some experience before the season opens. Contact Tori Busto toribusto@gmail.com

Grant High School, Sacramento All-Comers: Grant H.S. in Sacramento will be hosting two All-Comer meets. See dates below. Contact Lynn Reed at lynn.reed@twinriversusd.org if you are interested in officiating either or both of these meets. Starter training will be offered at these meets. Another good opportunity to hone your skills in the event of your choice prior to the start of the season.

Throws at Golden State Throwers: These two events will give you practical experience in Throws Competitions. Being contested are the Hammer and Weight throws. You will have the opportunity to

focus on field inspection, looking over the implements, reviewing rules, giving athlete instructions, calling up athletes, measuring throws, and completing flight sheets. These are two of the only meets around where you will get to work the Weight Throw. Experienced Throws Officials will be needed as instructors/mentors.

Cordova High School Events: There will be a live **Throws only** competition at Cordova High School. If all goes according to plan there will be an Implement Inspection clinic and a Throws clinic in conjunction with that event. The EDR scheduled for that day is a separate clinic and will **not** be part of the throwing competition.

Meet and Greet: These are informal get togethers intended to introduce newer Officials to some of the more experienced Officials with whom you will be working. Much is learned by sitting around the table asking questions, or just listening, while noshing on pizza (or whatever) and drinking soda. There will be one in the Sacramento area, one in the Bay Area, and one on Zoom.
