Congratulations to all !!! Keep up the great work everyone! It was a very busy month of May with all of the meets !!

1. Certification Chair Report (Ajay)

- a) As of March 20 certified officials count is 235. Since November 1, 2020, 130 new officials were added in; two transferred from outside Bob Hooper from Arizona and Kelly Brown from Central California.
- b) All the badges for those newly certified or recertified have been sent out. Some officials reporting misplaced badges had to ask national office to reprint them. National Office has been quite slow in all responses since Luke Fimrite left.
- c) Not much new or recent action since the beginning of February. Have received a few upgrade requests. Two clinics were held in an attempt to inform Officials about upgrade process and answer their questions. Attendance was poor: 14 in the first clinic, 10 in the second.
- d) 4. Continue to send reminders to Officials to remain in 3 Way Compliance is important. There were some issues with USATF Membership renewals due at the end of the year but are all now resolved. NCSI is once every other year very few issues. Majority of the continued issues are due to SafeSport training itself. Interest connections and website issues or SafeSport certification updates are on the USATF Connect profile.

MENTORING REPORT TO
Pacific Association USATF Officials Executive Committee
June 12, 2022

Presently, the Mentor Chair has been conducting meetings with the six Regional Resource Coordinators with the Certification Chair and Training Chair. The last meeting held on April 4, 2022.

At that meeting, it was decided that the work of the ad hoc Committee on Enhancing Pacific Association Communications was completed and therefore the Committee was dissolved. From the ad hoc Committee, Robert Benoy is remaining as an ex-officio member. It was felt that the Regional Resource Program was ready to begin performing its responsibilities.

At the April 4th meeting, a brief training was conducted by Ajay Padgoankar on the requirements for upgrading certification levels for the Coordinators. Since that time, the Coordinators have been contacting their officials about upgrading procedures.

Also, since that last meeting, there has been a change in two of our Coordinator positions. Dennis Boyle has replaced Anthony Davis who has found it difficult to fulfill the time requirements needed for the position and Ryan Cowley has replaced Mike Aro, who is retiring from officiating. Also, Ryan's region has been renamed from SouthBay2LA to SouthBay-South.

The Coordinators are as follows:

- | | |
|--------------------|-------------------|
| a. Dennis Boyle | NorCal-SoOre-Reno |
| b. John Murray | SacSub |
| c. John Busto | WestSac |
| d. Brendan O'Leary | SF-NorthBay |
| e. David Mantooth | EastBay |
| f. Ryan Cowley | SouthBay-South |

Work is nearly complete on publishing a postcard informational document which may be handed out anywhere where officials gather and also business cards for each of the Coordinators. The work is being completed by Dennis Boyle using an on-line publishing company called VistaPrint. The cost of 250 postcards and business cards will cost \$279.00 and will need to be approved by the Officials Committee before ordering.

The next meeting will be held sometime in the first part of July before the USATF National Championships begin. The Mentor Chair will continue to act as the meeting coordinator of the Regional Resource Coordinator Program.

Respectfully submitted by:

Dennis Boyle

Dennis Boyle, Mentor Chair and Chair of the RRC Program
