

Richard Messenger - West Virginia Association Candidate for Treasurer for Associations Committee

I have served as the Treasurer for this committee for the past eight years as well as the West Virginia Association Treasurer for the past twelve years. A couple of the accomplishments that I have achieved during my tenure has been having USATF's CFO attend our Treasurer's breakout sessions during our annual workshop where we are able to share our concerns and get answers straight from one of the leaders of our organization.

I also established an association's treasurer's list service where every association treasurer who utilizes their legacy email has access. This gives us the ability to share concerns with each other anytime during the year.

I would like to continue in this office for another term to assist those individuals who were recently elected as treasurers in their respective associations.
